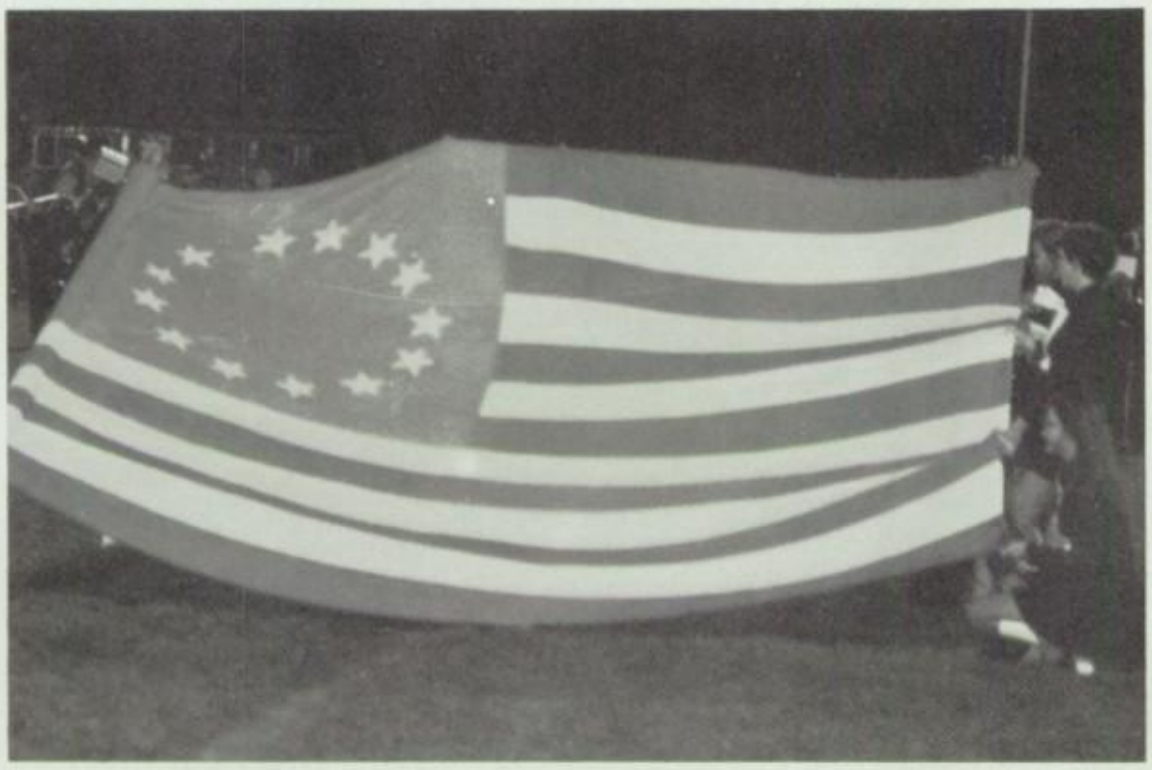
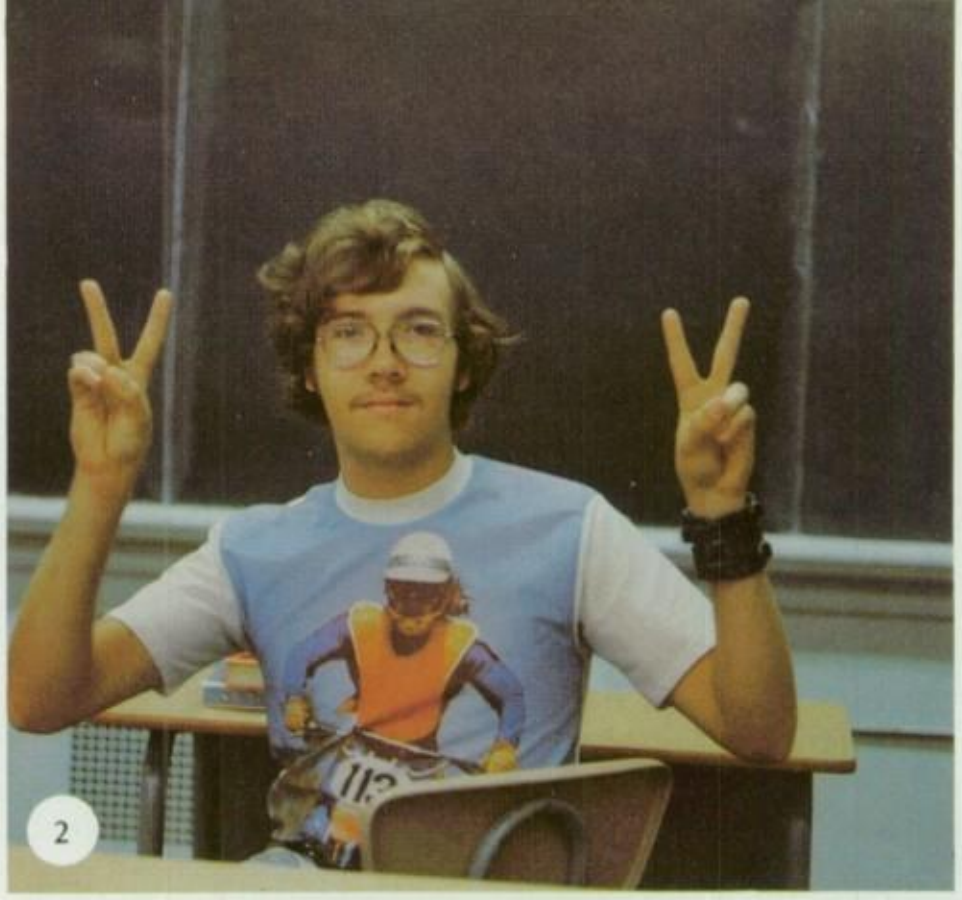
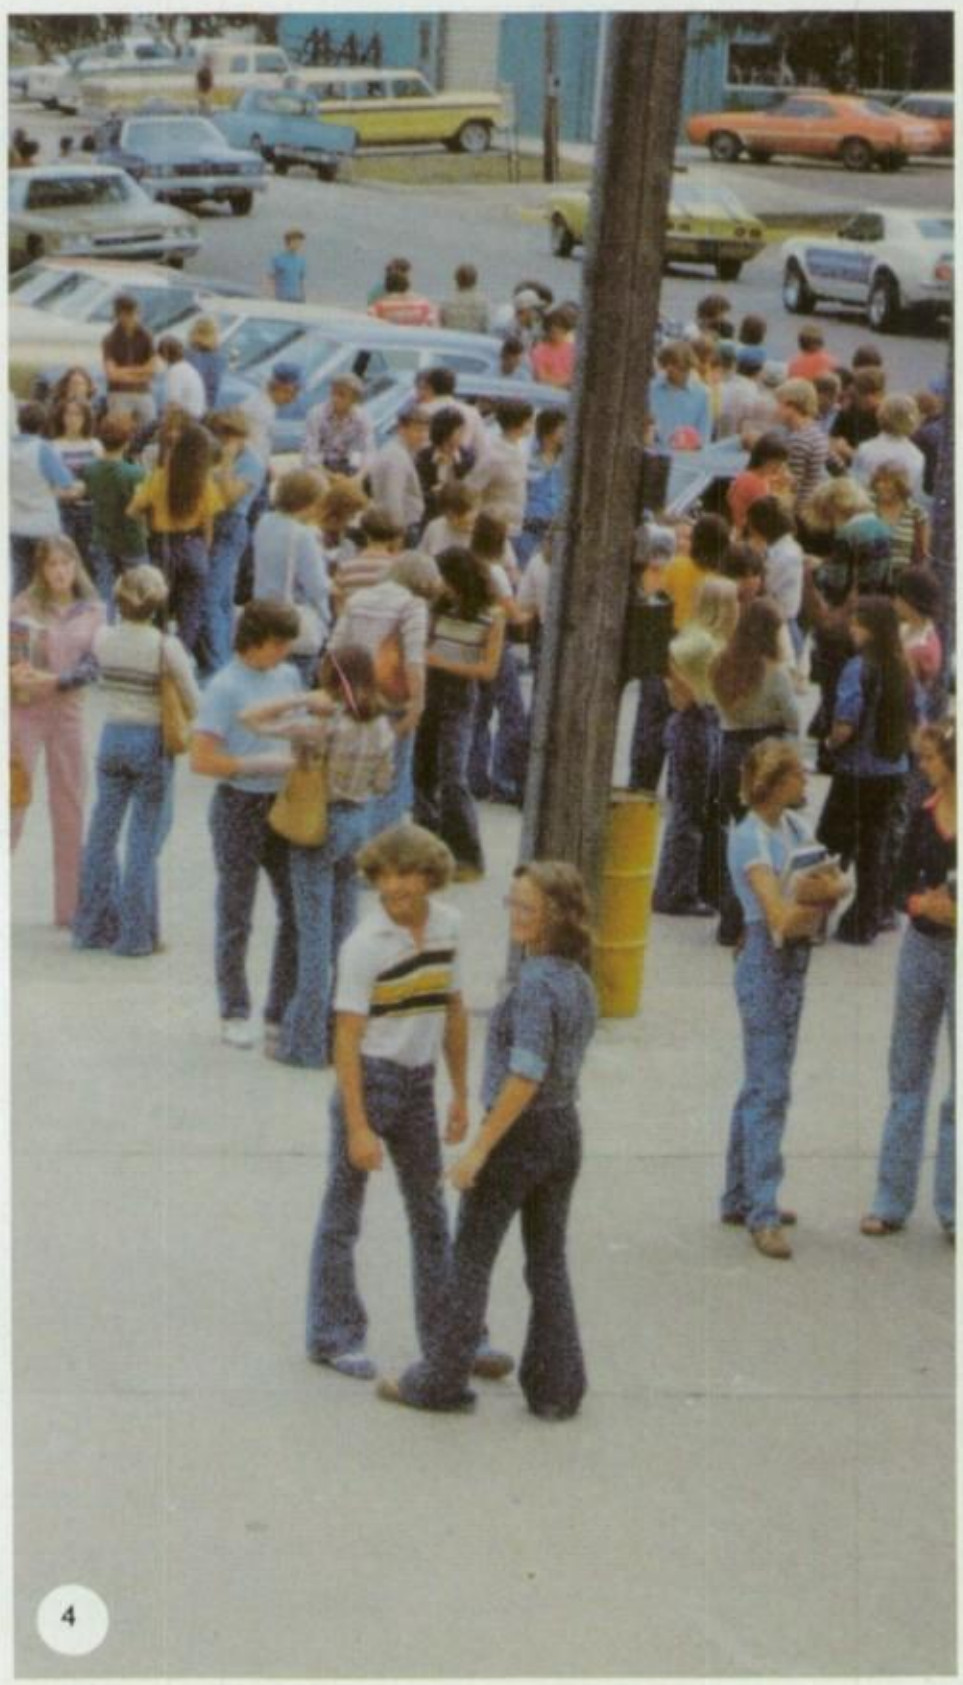
Silhouettes Of School Life, GHS Style



A silhouette is a representation of the outline of something. Silhouettes are meant to be a representation of the activities that are to be remembered or looked back on in later years of life. From fellow class members, to the faculty who teaches you, to the sports you participate in, to the organizations you belong to, these all have an effect on you. All these leave a silhouette on your life and what you will make of it. It is the intent of this book to capture those moments or Silhouettes.

1. The GHS twirlers display the flag of the original thirteen colonies during a halftime performance of a Cowboy football game.
2. The Cowboy Mascot was a regular visitor at the football games this year. Performing the duties this year were Lana Peters and Darla Schilling.
3. Band director, Mr. Frosty Tegethoff, takes a break to watch the football game.





1. Rapping in class is a common occurance in high school as Connie Traverson and Mark Zimmerman well prove.
2. Flashing the victory sign after a day at GHS is senior, Cameron Pittman.
3. "The show must go on," as Jon Herl, Dave Lambertz, Brad Wilson, and Doug Summer show during the musical rehearsal.
4. A common gathering place for meeting during noon hour is the south side of the school building.

School Means Work, Fun, And Friendship

The activities or happenings that occur during the school day also leave a silhouette upon a person. From that tough test to that new friend you met during noon hour or from that joke session with your favorite teacher to catching up on your sleep in class, all these accumulate to form a reflection on your life.

"In-school activities" leave a representation or silhouette on your life. Happenings of this sort happen to each and every person in a year and in one way or another, they reflect upon the future friends we have, the things we'll do, and our plans for the future.

1. Kevin Carmichael and Gina Newell engage in a little bit of friendly teasing.

2. Falling asleep in class is quite easy, as Criss Halley demonstrates here.

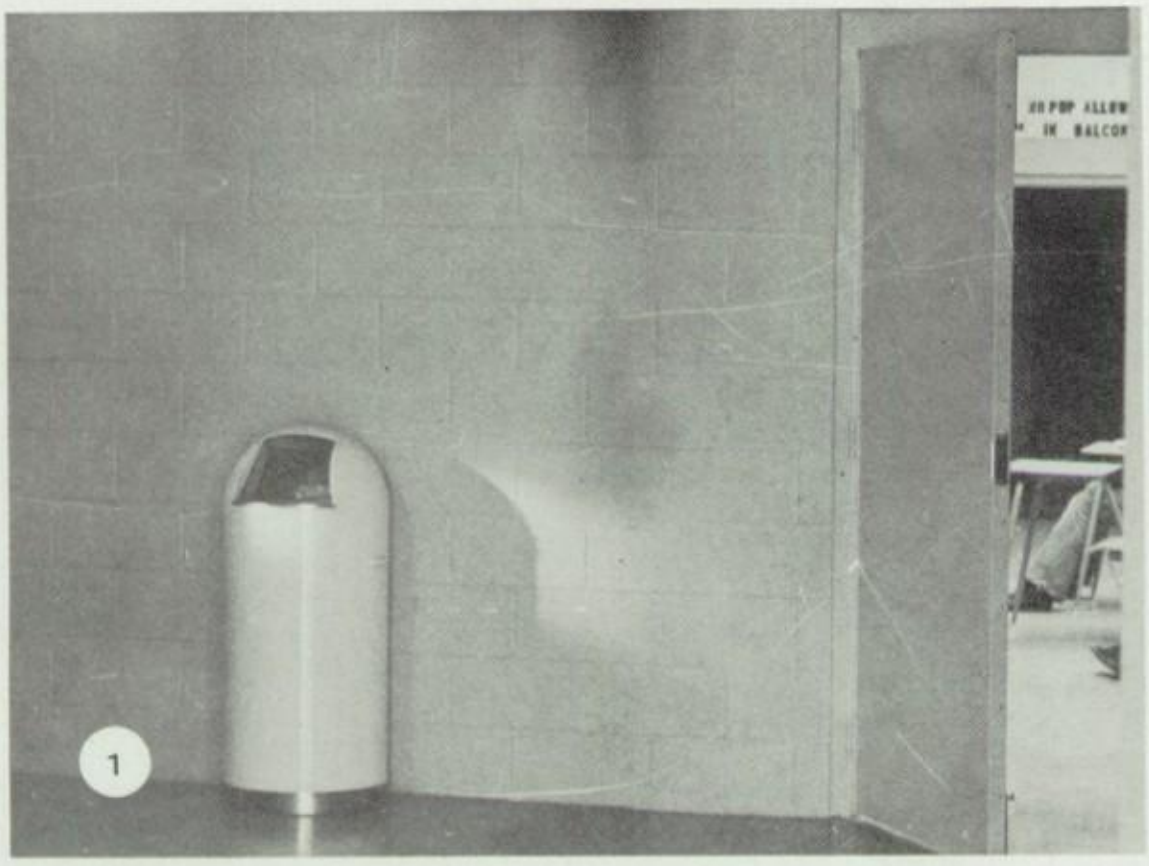
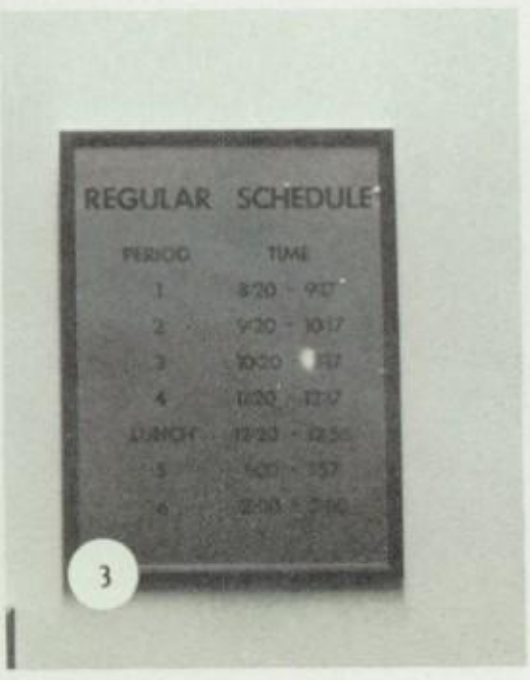
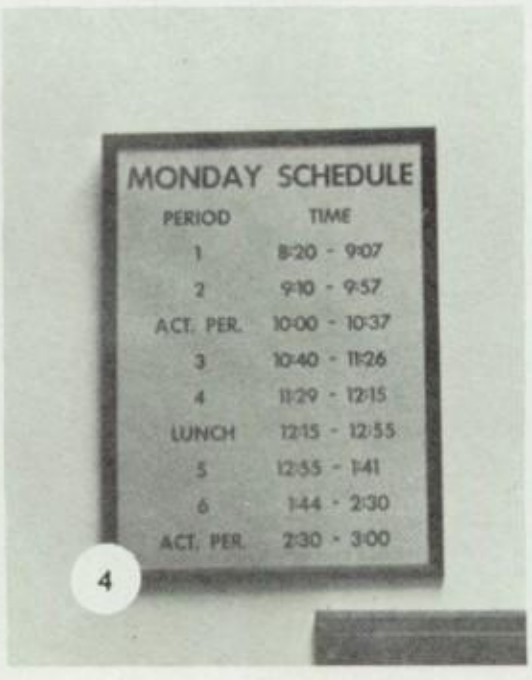
1. 8:20 a.m. became the time for the beginning of the school day.
2. As a result of the elimination of free hours, there was an absence of people driving around school to kill time.
3. Everybody makes a mad dash out of sixth hour classes when the bell rings at 3:00 p.m.
4. Another sight which was the result of the elimination of free hours; nobody wandering around in the halls.

New Policies Change Life Of Students







This year brought the addition of many new rules and regulations to GHS, including a new attendance policy, a six hour day, and a barricaded street.

First, the major change in the attendance policy was the elimination of admit slips in order to get back into school after being absent. The new policy states that an absence is either valid or invalid, depending whether or not the school is notified before 9:00 a.m. The punishment for both an invalid absence and tardy was made basically the same — 7th hour detention hall after school — one hour for an invalid absence and fifteen minutes plus the amount of time you were late to class for an invalid tardy. The plan sounded pretty rough at the beginning of the year, but as time passed, and students got used to it, it didn't seem so bad.

Secondly was the six-hour day. Nearly everybody in school, including most of the teachers, were in favor of the new schedule. It meant the elimination of free hours, which many people expected would happen anyway. The day began at 8:20, and each class was lengthened to 57 minutes with the exception of sixth hour, which was lengthened to 60 minutes. This year's lunch hour was five minutes longer, from 12:17 to 12:55. School was dismissed at 3:00, as compared to 3:45 the year before.

Last, but not least, was the barricaded street. It was blocked-off during the noon hour on 13th Street between Cherry and Walnut Streets. This block was being used as a playground and because of the excessive traffic during the lunch hour break, the street was blocked off.

These three policies brought on a lot of changes for the students and they also leave a silhouette on their lives.

1. The old lounge was divided by a partition and converted to a classroom.
2. A new sight during the noon hour were barricades to make sure students were not run over by cars.
3. Under the regular schedule, school began at 8:20 a.m. and classes dismissed at 3:00 p.m.
4. Monday schedule, with two activity periods, shortened classes and if students didn't have an activity in the afternoon, they were dismissed at 2:30 p.m.

1. A regular fall attraction for the students of GHS is a Cowboy football game.
2. A factor in all high school athletics is practice, and the Cowgirl volleyball team goes through one of theirs.

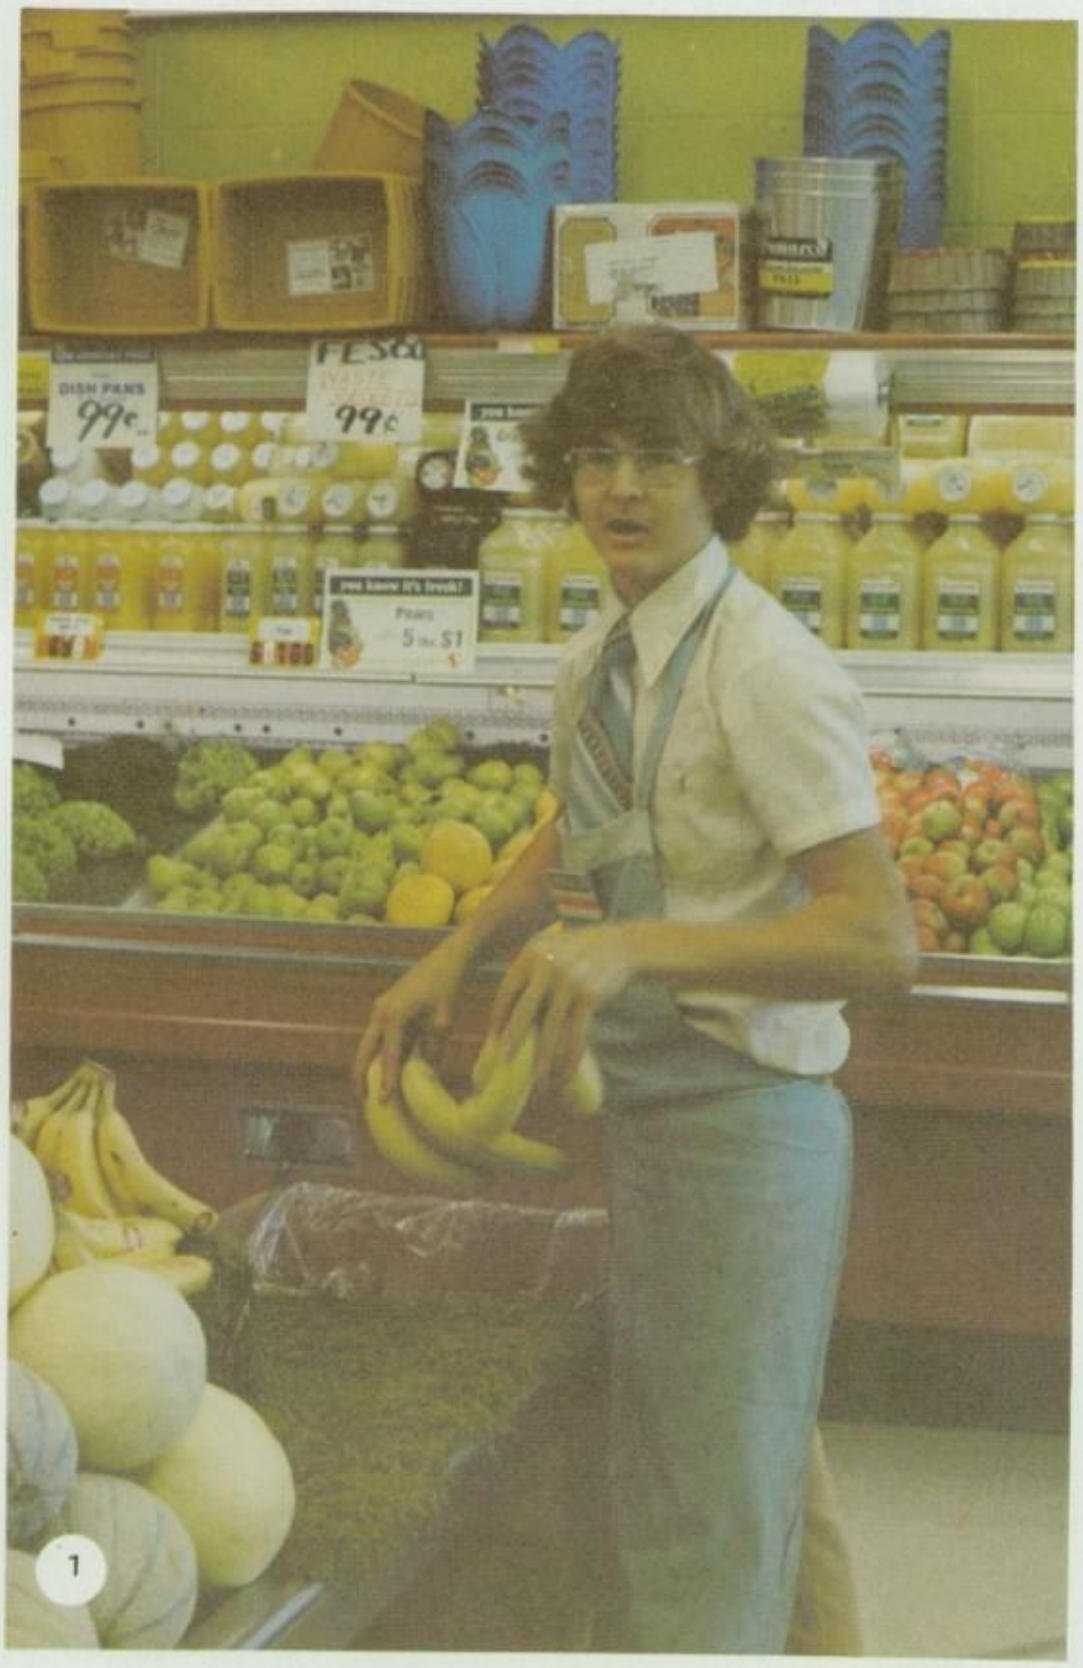
After School Means Work And Relaxation



1

From Monday afternoon activity period to Friday nights' big game, students' minds are full of the activities and duties they must fulfill throughout the week.

Many students hold jobs, some as part of the Distributive Education program, many are involved in athletic or academic activities, while a few can be found shopping in stores or "beating the bricks" on Main Street.

When the school day is over, whether it involved a hard test, special class, a new friend, or the big game, it leaves a reflection upon our minds, bodies, and lives.

1. Kendall "Chico" Cooper goes bananas over his work.
2. Terry Ginn plays "Mr. Clean" at the station.
3. Loretta Whalen cruises down Main street, a frequent after-school hangout for many high school students.

3

Costs

Inflation and high prices, characterized the past school year. People found prices increasing on all sides. The American teenager was also caught by the price squeeze.

Many students were forced to look for jobs and economize wherever they could. How we learned to cope with the prices of our high school years will reflect upon our future.

Happenings

Each high school year is marked by many popular happenings and new fads. From hit movies to records to clothes the students are exposed to new styles every year.

The fads and events will never appear again, anyway not in the manner that the students of GHS. saw them during the 1978 year.

1. Tuning-up the "old machine" is a favorite pastime of many high school boys. David Bohl puts in many hours on his '56 Ford Pickup.
2. Taking a break to watch a girls' volleyball practice are Tony Workman and Scott Sullivan.
3. A place that played an important part in the life of students this year was Cowboy Stadium.
4. Dave Lambertz and Shelly White arrive for one of the many musical rehearsals.

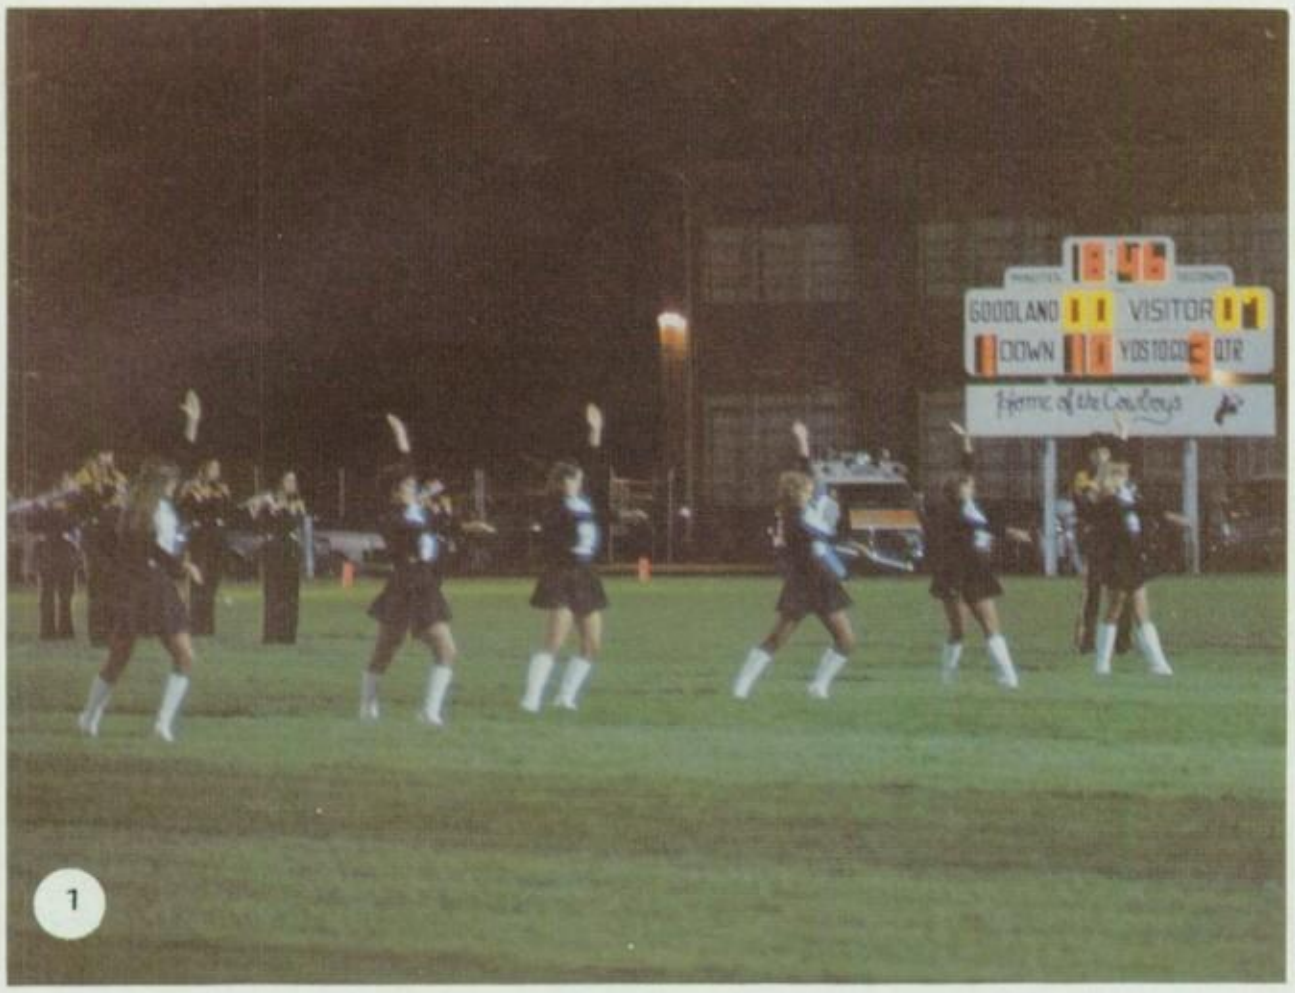
Many Activities Fill Students' Free Time



1

Free time is time in which a person has the freedom to choose what he or she would like to do. How a person chooses to use that time, be it sports, academics, work, or just messing around, leaves a silhouette on that person's life.

1. The GHS twirlers perform during half-time at one of the home football games.
2. Mass confusion reigned on the south side of the school until noon hour ended.

IN MEMORY

**The Lord bless you and watch over you;
The Lord make his face shine upon you and be gracious to you;
The Lord look kindly on you and give you his peace.**

‹NEB›Numbers 6:24-26

The seniors of GHS have gained awareness of the community and the world through our high school years. These years will set the future whether it be in social work, nature, or economics. However the friends and memories made in the past twelve years will remain within each person as the most important and meaningful years of life.

As sophomores move closer to graduation, they are slowly realizing that they are becoming adults and will soon be out on their own. They are beginning to chose careers for themselves, and deciding whether or not to go to college.

They've got two more years to plan the rest of their lives and this time will be used wisely by the Class of 1980.

The Administration, faculty, and staff of Goodland High School and U.S.D. #352 play a big part in nearly every students' life. From that favorite teacher to the one that always seems to be getting on your nerves for the things you did not do or the things you were always doing when you weren't supposed to; all leave a lasting impression on you. The experiences a student has with the instructors reflects on his relationships later in life. It also shows how much we learned or what we were supposed to learn, but didn't. It is the silhouettes of these happenings that we will always remember.

FACULTY

Officials Keep District Running Smoothly

The administration and the school board of U.S.D. #352 keep busy by maintaining the five attendance centers in Goodland, and one each in Edson and Kanorado. They see to it that everybody does their best to give the 1800-plus students a quality education.

1. One of the busiest individuals in the district is Mrs. Betty Kear, who is bookkeeper and Clerk of the Board.
2. Mr. Maynord Mitchell keeps very busy as Superintendant of U.S.D. #352.
3. Curriculum director for the district is Mr. Mack Clark, who has maintained this post for the past three years.
4. The members of the school board are (front row): Stan Martin, Eugene Hall, (middle row) Juanita Barnett, Betty Short, (back row) Mac Thompson, Tom Oglevie and Al Agnew.

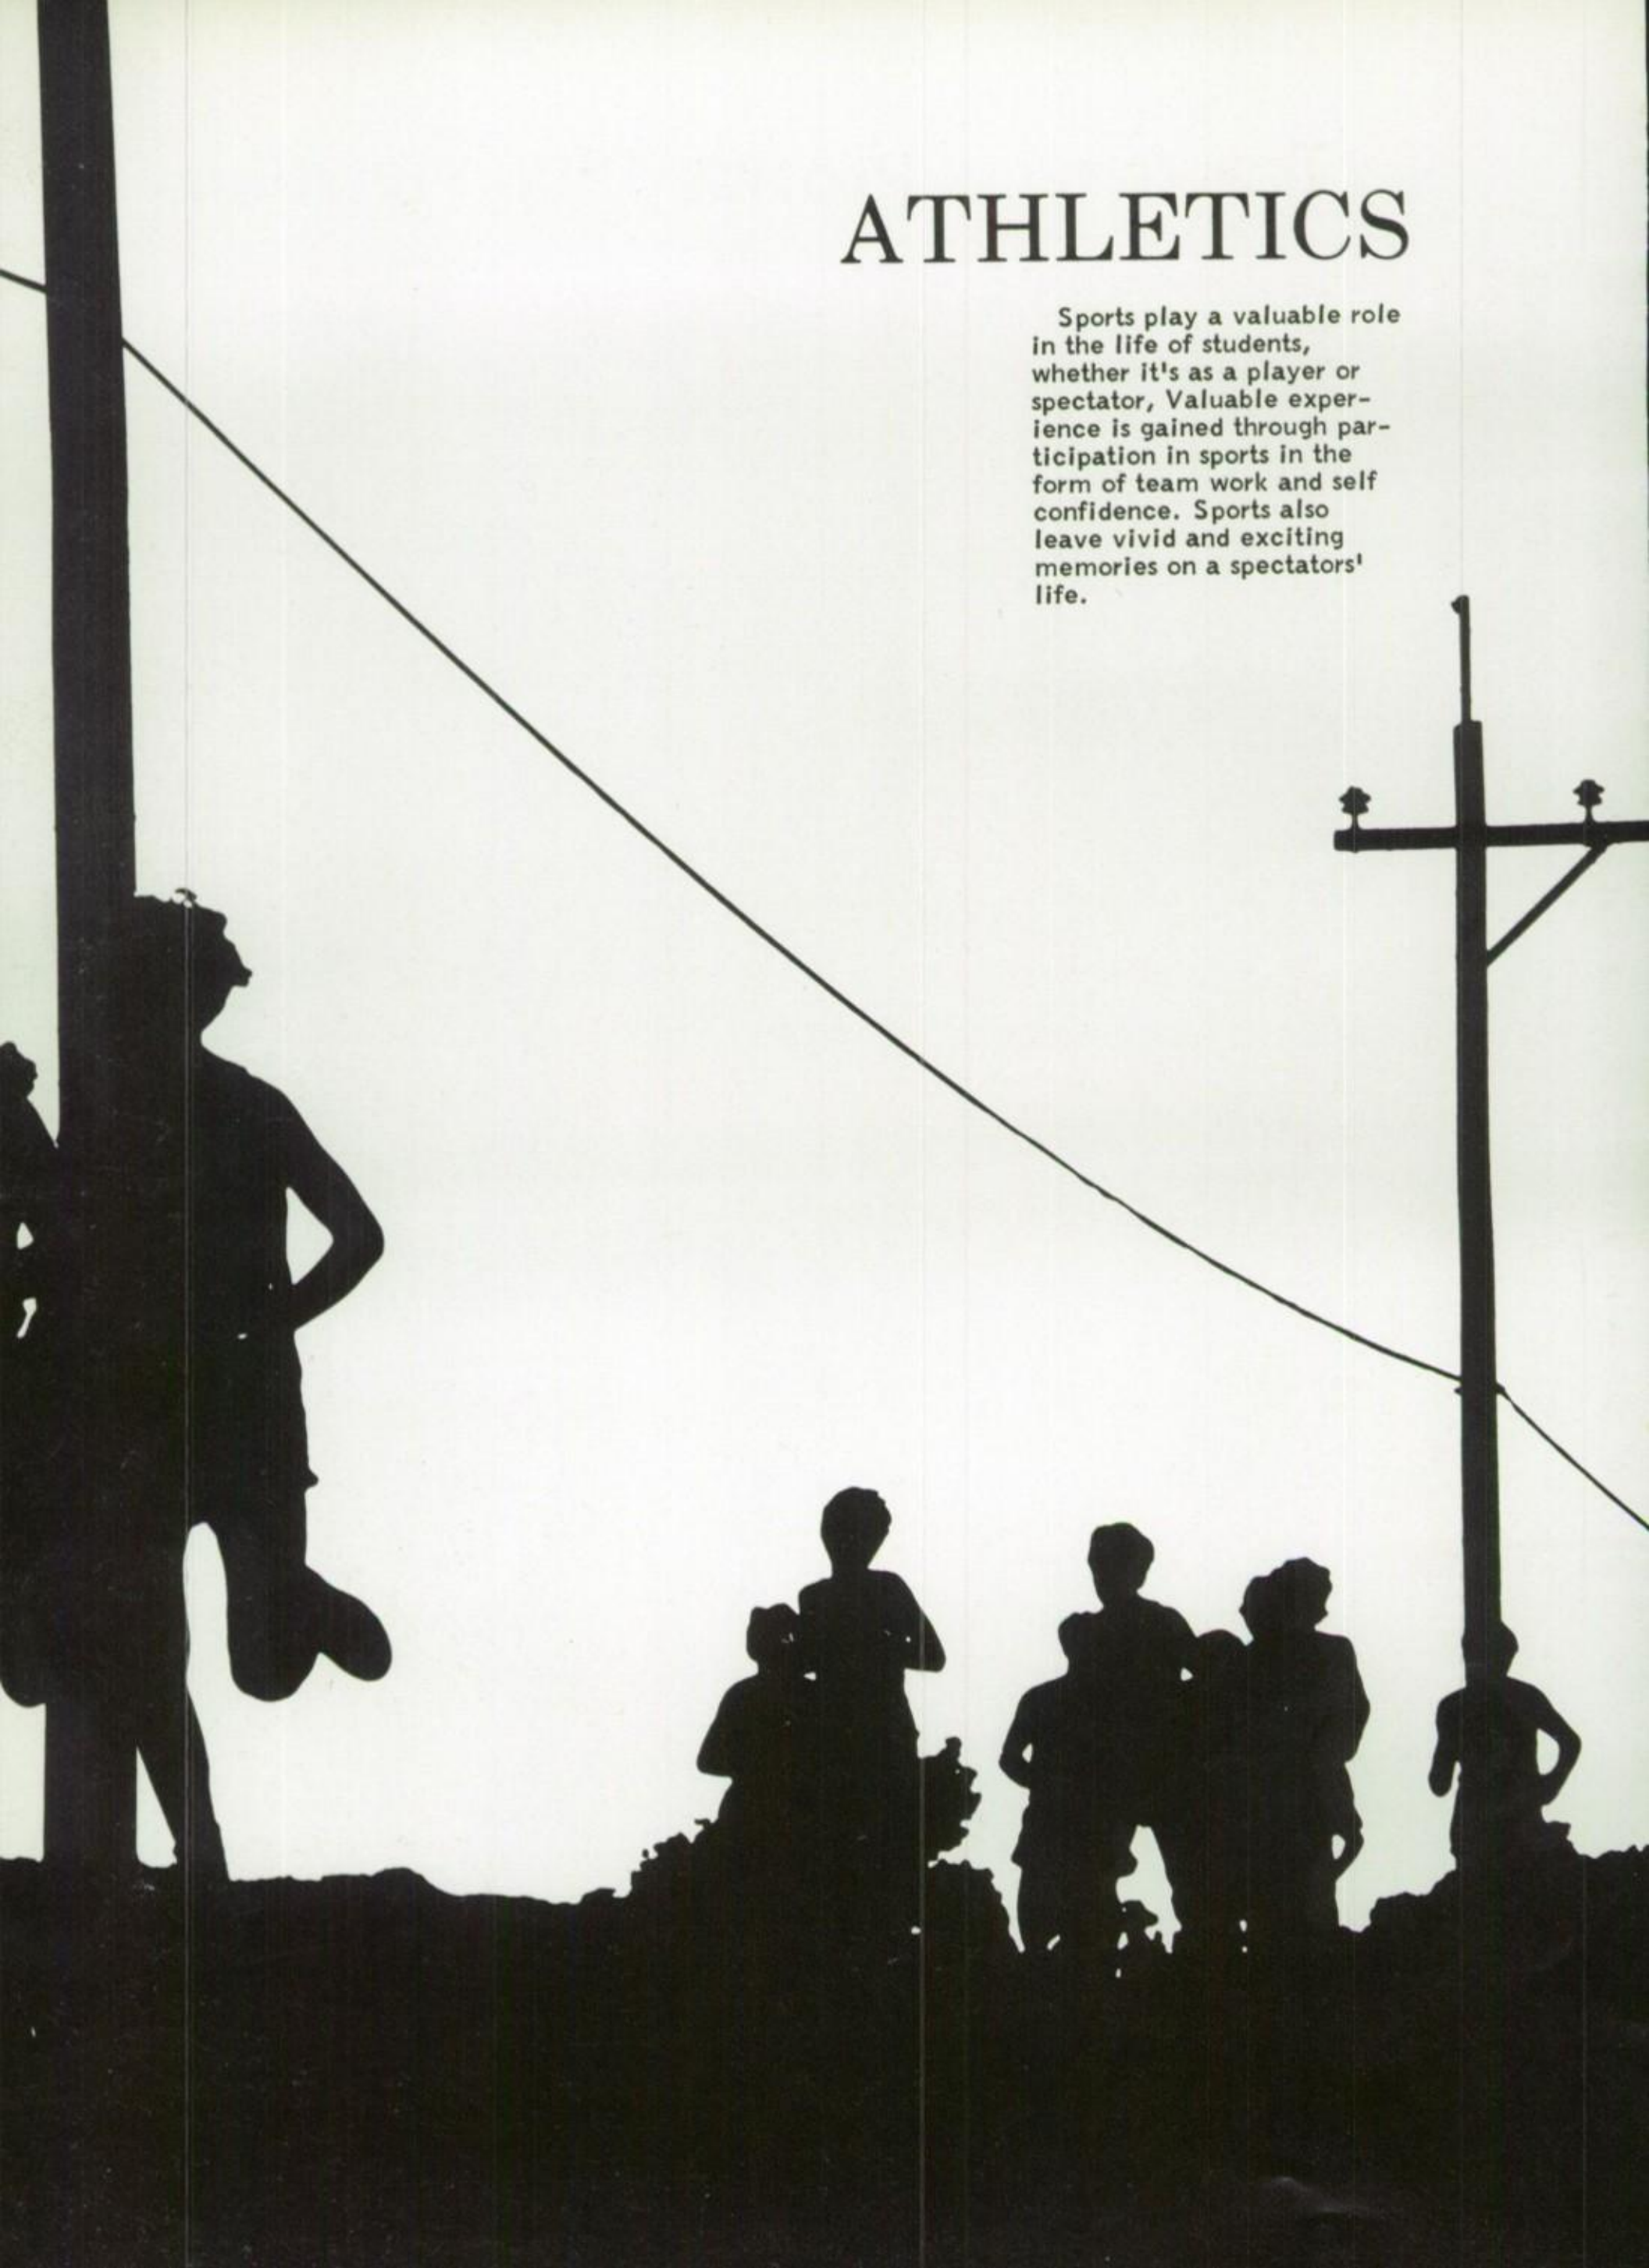
ATHLETICS

Sports play a valuable role in the life of students, whether it's as a player or spectator, Valuable experience is gained through participation in sports in the form of team work and self confidence. Sports also leave vivid and exciting memories on a spectators' life.



Team Gains Valuable Experience

The Goodland Cowboy High School Cross Country team gained valuable experience during the past season. This experience should shine through in the future due to the youth of the team. Larry Bray led the team this year when he placed in the top five several times and won the league meet. Larry then finished 13th at the regional tournament. Doug Summers was the team captain this year. The GHS cross country team consisted of Larry Bray, Doug Summers, Dewayne Lalicker, Gary Mitchell, Tim Daniels, Gary Foster, and Scott Armstrong.

1. Senior Cross Country member, Doug Summers, takes a breather after warm-up exercises. Doug was team captain this year.

2. The Cross Country team members take time out of their busy schedule to pose for a team picture. Team members include Larry Bray, Gary Mitchell, Ted Daniels, Scott Armsrong, Doug Summer, Coach Stone, Gary Foster and Dewayne Lalicker.

3. Junior Cross Country team member Larry Bray was the team leader this year as he placed in the top five several times and won the league meet.

The Cowboy varsity football team had a fine season, finishing in second place in league play behind Oberlin and winning runner up honors at the sub-state game in the 3-A playoffs.

In the first round of the playoffs the Cowboys journied to Wamego to play the highly regarded Wamego Redraiders and they soundly defeated them 18-6 to win the district crown. The second round of the playoffs was played in Goodland against the Abiline Cowboys. The game was one of the most exciting ever to be played in Cowboy Stadium, with the Goodland Cowboys coming from behind to win 32-31 in the final minutes to claim the regional championship. The Cowboys state championship hopes ended at the sub-state playoff game, when they were defeated 12-6 by the De Soto Wildcats.

The Cowboys were not picked to finish highly this year but after a surprising season they placed four members on the all league team. They were Tony Workman at offensive end, Tracy Lake at offensive tackle, Lee Newell at defensive linebacker, and Scott Sullivan at defensive tackle. In addition to the all-league team members the Cowboys placed two boys on the honorable mention team, that being Robert Harper at defensive noseguard and Troy Lake at defensive back.

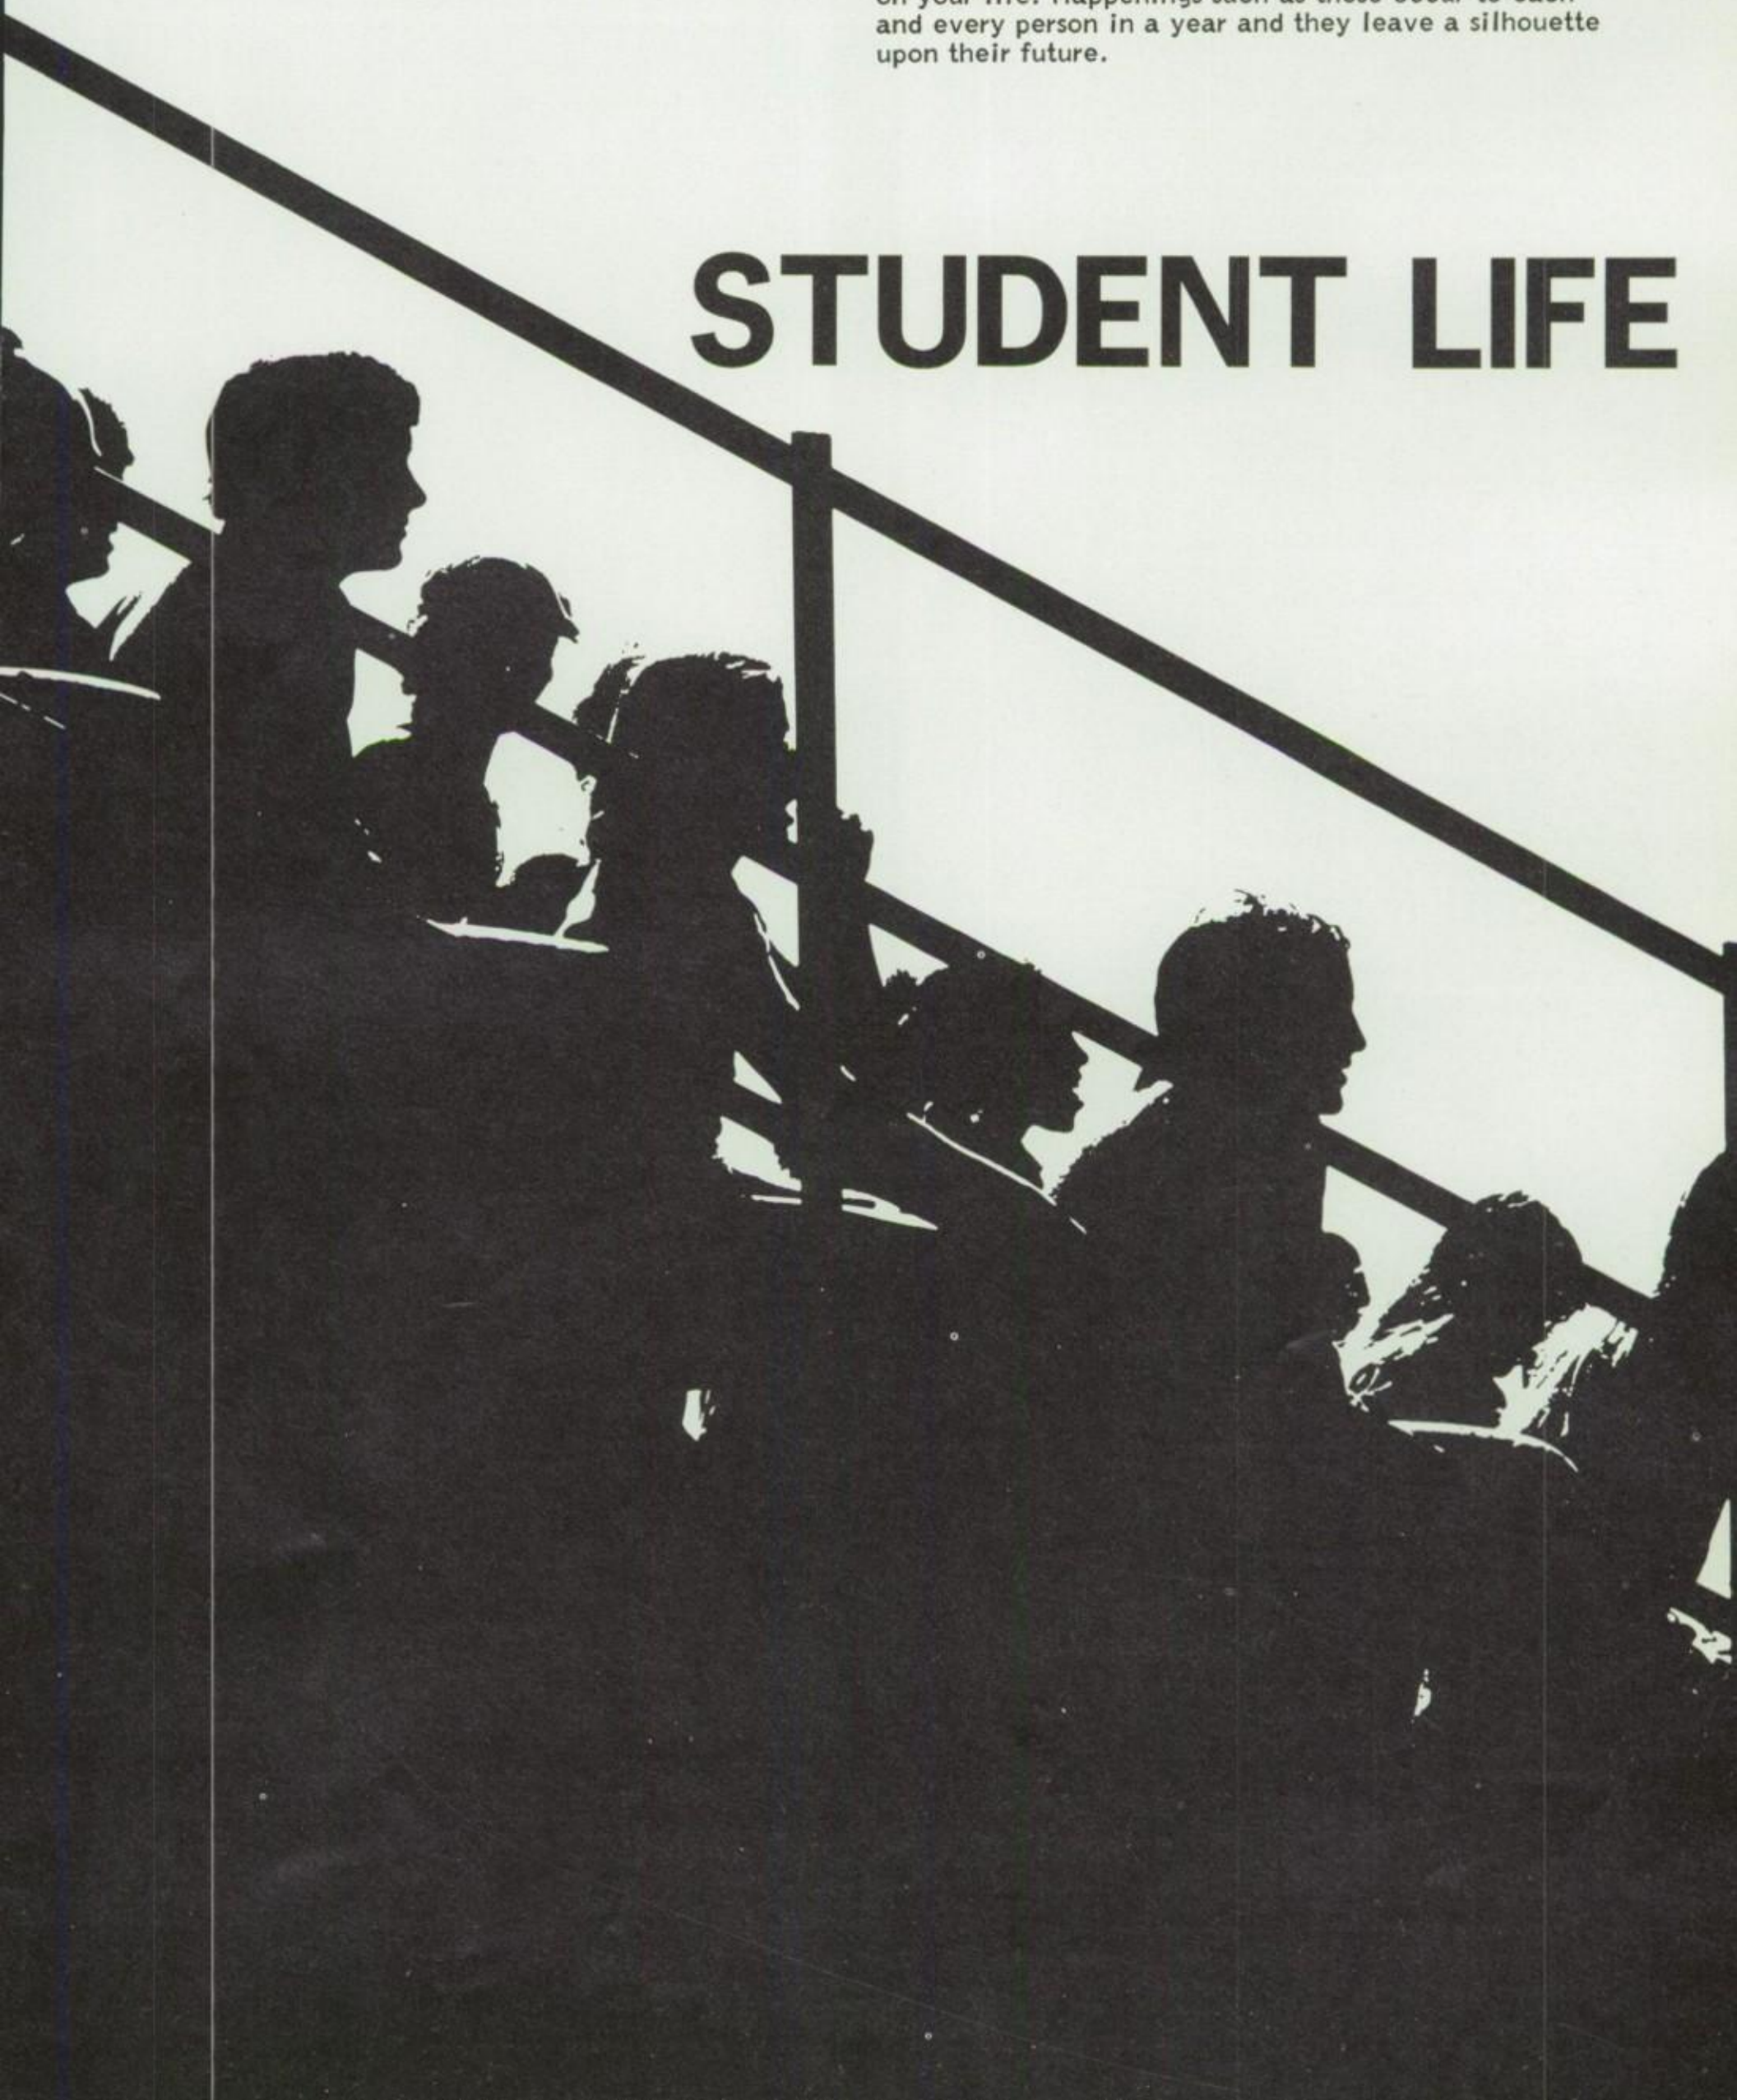
The events one attends and participates in during the school year reflect on each students' life. From that special date to the Homecoming dance, to the unvelievable feat of finally walking across the stage at graduation; all these accumulate to form a reflection on your life. Happenings such as these occur to each and every person in a year and they leave a silhouette upon their future.

STUDENT LIFE



Dance Caps Homecoming Festivities

Homecoming activities began on Thursday night with the traditional pep rally and bonfire. Spirit ran high as the cheerleaders led the crowd in building up enthusiasm for the big game on Friday.

The Homecoming parade was held along with the Shriners parade on Friday afternoon. Winners of the school floats were first place, Cowboy Club; and second place, DECA.

Goodland took it on the chin from Oberlin 14-6, but even though the outcome of the game was not as hoped everyone agreed that the Cowboys gave the Red Devils a good fight.

Festivities were highlighted by the crowning of Millie Rauscher as the 1977 Homecoming Queen. The attendants to the Queen were Angie Garrett and Pam Meissinger. The royalty was escorted by Brad Shores, Doug Summers, and Scott Showalter. Head captain Dave Lambertz coronated the Queen while Tony Workman and Tracy Lake presented roses to the attendants.

Twirp Week Gives Students A Welcome Break

Annual Twirp Week brings out the natural side of many GHS students. The childish character of all who participated was brought out on Monday, which was Kiddie Day. 50's Day, which was Tuesday, was accented by ponytails, bright red lipstick, long skirts, bobby socks, and greasy hair. Being Grody on Wednesday came natural for most at GHS. After a break from school on Thursday, due to Tri-State Realys, Friday was celebrated as Circus Day.

Along with the tradition of girl-take-boy to the dance on Saturday, a new feature was added, the computer match-up. Providing the music during most of the dance was Ron Rempe as Disc Jockey with a school group consisting of B. Shores, D. Summer, P. Sudhikam, R. Deeds, and J. Reid playing a few popular selections. The main event of the evening was the crowning of Gublin Karazincin as Twirp Queen and Sam Washburn as King. Decorating for the dance was NHS, refreshments were served by G-Club with FHA in charge of clean-up. The dance was Stuco sponsored.

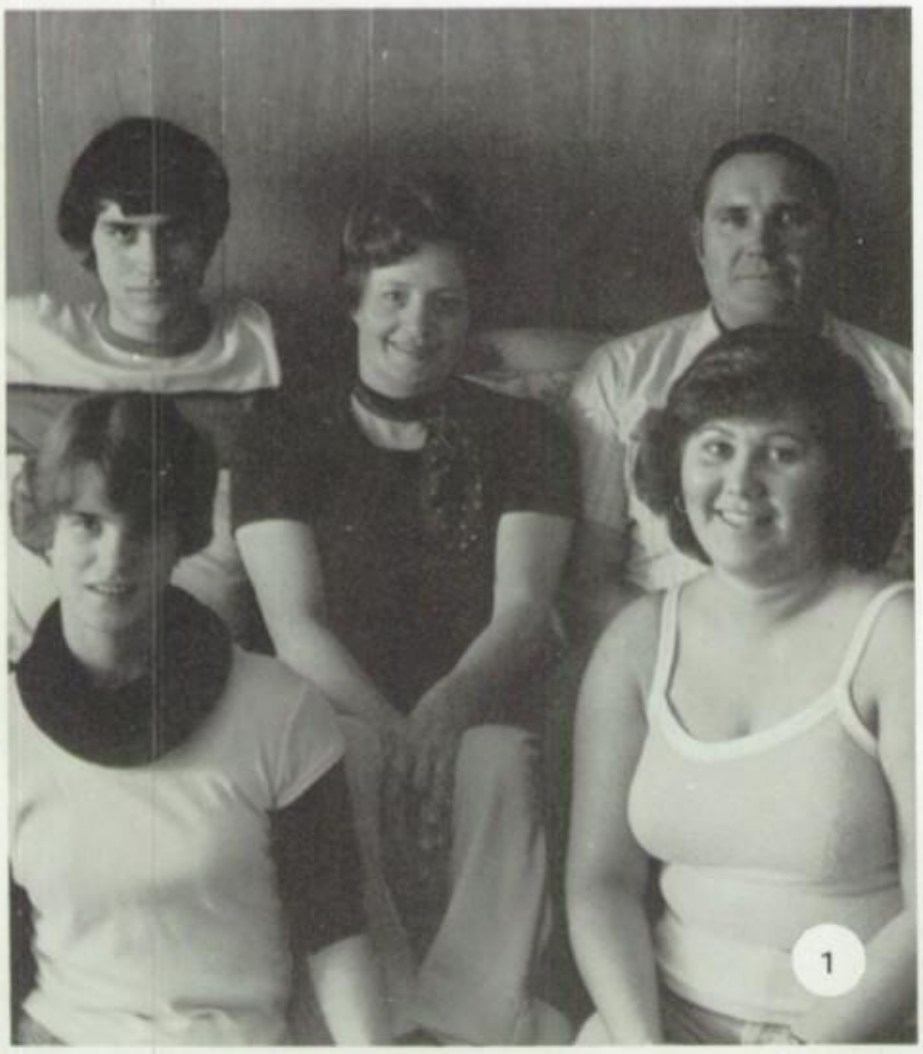
AFS Students Express Feelings

I'm so glad that I had an opportunity to be an AFS student in the U.S.A. I can say it's been a terrific experience for me, and I believe that everybody should have this experience once. I think it would almost be impossible to forget. Back home, in Turkey, I have already graduated from my high school, but I liked to go to school in the U.S.A. (especially at GHS). Because of the AFS year in the U.S., I lost two years from my college education but I learned more this year in the U.S.A. than I would probably learn in college. I love Goodland as much as my hometown, because it's easier to become a part of a small town than a large city. I think the school system is easier over here. Also I like school activities such as football, basketball games, school plays, trips and school dances!

Before I finish, I'd like to thank everyone who gave me a chance to have this experience. There are so many people that I would like to thank, but I'm afraid I would cover the whole page. I'd like to thank the people of Goodland, the AFS Chapter, the students, teachers, and all other members of GHS. I'll always remember YOU, and I LOVE YOU ALL VERY MUCH!!

Gülbin
Karaziner



I still remember the first day when I got here. It was on Sunday, July 24th, 1977. It was about eight o'clock in the evening. A group of people were standing in front of the Goodland Hotel apparently waiting for someone. When I got off the bus they all came and said "Hi!" to me. They held a sign saying, "Welcome Preecha Sudhikam." Everybody seemed to be friendly to me. It was a very warm welcome. After that we had a little party at my host family's house.

My host family is Mr. and Mrs. James Wedermyer. They live on 820 Washington St. I have one brother, David Wedermyer, he is a freshman in high school. They are a wonderful family. I am happy to have lived with them. I had never thought about this kind of a family before. I feel like I am one of the members in the family, not just a guest or a visitor. I really had a wonderful time with them.

During the school year, I enrolled in six classes; they are: American History, P.E., English, American Government, X-Pressos, and Biology II. My favorite class is Bio. II. I made several friends. Most of them are very nice. I had never thought that the people in different parts of the world could be friends together. But now I know that we can be friends, real friends. I don't think I can forget them.

During the school year, I participated in the AFS Club and Drama Club. I was in the Pep Band too, and it was fun!

During the year with my family, I got a chance to go to California during Christmas vacation. We went skiing twice. On Sunday we went to church together. I got a chance to work with the Sunday School classes too.

I leave on June 30th, 1978. It will be the most terrible, awful day in my life. When I have to leave the family, friends, school, everything ... and especially Goodland, I am never sure if I will see them all again or not. The only thing is "hope," I just hope some day I will come back here again ... someday ... Everything was wonderful, I'll never forget "One Year in Goodland."

"We May Never Pass This Way Again," was this year's Prom theme. Juniors decorated the Elks Lodge with a mountain scene mural painted by Diane Schindler, and stars and streamers were hung from the ceiling. The colors used were silver and blue.

Opening the banquet was the X-Pressos singing several songs. Sophomores chosen by the Junior class served the banquet dinner of roast beef, potatoes and gravy, peas and carrots, rolls and pudding. Directly following the banquet, those with out of class dates, met them at the door.

Dance music was provided by Blue Earth. Many found it easy to boogie to the beat of the band. The evening, over all, was a very enjoyable one. The dance ended at 11:00 but many found it hard to leave knowing that they "may never pass this way again."

"Silhouettes" Chosen As Yearbook Theme

The Staff of the 1978 yearbook consisted of twenty-one students that worked throughout the year to assemble the school events into book form. Deadlines at various times during the year are required by the publisher because the pages are processed and put into book form as they arrive at the company.

The staff is divided into many sections, such as organizations and ads, and each have their own deadlines to meet in order for the yearbook to be published and returned by the first of the following school year.

Because of the extensive amount of work required to complete the yearbook on time, the staff ttends night work sessions to help in the completion of the pages that take longer to finish than the time allotted in class.

After many long hours of diligent work, the experience of seeing the completed project makes it all worthwhile.

GAA Assists Coaches

The Girls Athletics Association consists of those girls who have lettered in any varsity sport. The Purpose of this club includes assisting the coaches and faculty, to promote and maintain the athletics program that will encourage the highest standards of sportsmanship and the widest participation possible, and to provide for women's athletics.

Besides selling concessions and working at basketball games, the girls also held a bake sale to earn money to pay for the Girls Athletics Banquet.

The annual Girls Athletic Banquet held in May, again acknowledged those outstanding girls of our athletic department. The presentation of letter awards were given by each coach of that sport. Also presented were the honor athlete award given to those girls that maintained a B average and lettered in three sports and the Outstanding Athlete Award given to the girl chosen by the coaches for her great performance during the year.

Mark Zimmerman not only directed the forces of the yearbook staff, he also braved the weather and the roads of Northwest Kansas as a bus driver for U.S.D. #352.

The Editor Speaks. . . .

Wow! We're finally to the last page of the book! It's hard to imagine all of the headaches and frustrations the staff has gone through to put out the 1978 Buckaroo. It was our goal to put all of the many activities in pictures and present them to you as memories of a year at Goodland High School.

Many people have worked very hard for many hours to help make this book possible. First, I would like to thank my assistant editors, Scott Showalter and Pam Meisinger, for their great help on the opening section and their good job on the Senior section. Next, the photographers, Mike McMahon, Kent Wilkens and Bruce Frankenfeld, who deserve a lot of credit for putting up with everybody's nagging to get pictures taken. Also, "Thanks" goes to Brent Sparks and Scott Waugh, who both came on the staff at semester, and especially Jeff Bohl for taking care of special assignments for me on the opening section and various other jobs he has done. I'd also like to thank Parson's Studio, The Goodland Daily News, and the administration, faculty, principals, secretaries, coaches, and sponsors of Goodland High School and a special "thanks" to the many advertisers who made this book possible.

I would especially like to thank Mr. Richard "Flash" Franti for all of his ideas, time, and effort and also to the great individuals of the staff for putting up with all of the long hours and my constant nagging to get their pages done. I know that there are many creditors not mentioned, but they are certainly not forgotten.

I, along with the entire staff, hope that you will enjoy this book and we hope you remember all of the fun-filled memories at Goodland High School, 1977-78.

Mark Zimmerman

SORRY I took so much room but I deen't have nothreeng else to do!!!!!

To my Dear Miss Lisa Ann;

To one of my bestest and sweetest and cutest friends. I sure am glad that I got to know you when you came in sixth grade. Thanks for being around when I really needed someone to talk to, I really appreciate it. I'll always remember you're cute dimples and smile. (I guess you can't have one without the other) Don't ever give up on anything you try because you have the power to succeed in anything you want to do. Remember all the great times we've had in the past, and all the good times to come. Good luck with everything, Although you don't need it, and God Bless you!!!

Luv ya,
your Friend Always,
Joni Deanne Couch

"Truck Bet"

You the craziest girl I know. I'll never forget you and your crazy personality. When I think about it even more I'd have to say we had a blast in art last year. Remember the artist of our class (T.P.) your hero and when he wanted to ask me out all the time "you would say, "no Kim she doesn't want to go out with ya!" I'd get so embarrassed. Well those were the good ole days. but I don't think those good ole' days are gone.. For instance "Vega" that situation that Dana did to you. But we will never let you live it down. ("You've got the cutest curly hair of anybody").

(I wish you would'nt go to all the work to curl it everyday.)

Remember all the good times we had in our 2 years of high school. Also volleyball practices.

You'll never forget me Cause I won't ever forget you.

Keep Up that Pulling & Diving and you'll make a professional Volleyball player.

Love Ya Always

Dawn

Lisa,

Hope you don't mind me writing in your yearbook but I just had to. I'm not very good at this kind of thing so I'll make it short and sweet.

Have a great summer and I hope we can get together next year.
